MONICA CARTER
SUPERVISORY PATENT EXAMINER

Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: It is noted that applicant pro se has commented that he has not received help from the PTO in drafting a claim, while this is not considered to affect the status of the case as set forth above the examiner responds as follows: The appropriate sections of the MPEP allow for the examiner to draft a claim where the examiner finds allowable subject matter in the application. Since the examiner has not found allowable subject matter in the subject application the drafting of a claim for applicant was and is considered to be inappropriate. .
